

TO LOVE YOU

From the album, I Will Not Fear by Dan Nichols and Eighteen

CAPO 2, play in C

C G F
I can see the meter running,
C G F
I can hear the distant humming
 Dm7 G C G F C G F
And I would love to love you
 C G F
I wake at night tired of dreaming
 C G F
A lonely heart longs for redeeming
 Dm7 G C G F C G F
And I would love to love you

 Em F
Is there a place, is there a process
 Am F
That turns fear to fuel where the loss lives
 Em F
Burned and scattered like ashes
 Em F
Tossed and forgotten like trash is
 Bb11/F
Or recycled with yesterday's news
 G G7 C G F C G F
I retell the story with no room to choose
